---

Hi TCI folks! It will take me a few visits to feel at home on your new board. I hope the registration process will not discourage the active exchanges we treeclimbers want here. For sure it will help keep the board clean. Bravo!

Now that this board shows who's online, you'll see how often I lurk here. I'm always interested in the buzz. Perhaps now I'll jump in more often to add my 2 cents.

Greetings to TCI and all our climbing friends, from the gang at New Tribe!

---

Just wondering if you New Tribers will have a booth at the Sun River ISA Conference?

Hi Sophia and all the good New Tribe Folks,  
So when are you going to share what you folks are doing? What courses are you holding? What climbs are you going on? I know you folks are active. Let us know here what you are doing. K?
