
In the news Friday

I thought you might be interested in an NPR piece on Tree Climbing and Tree Climbing Colorado that is scheduled to air on KUNC (91.5FM Denver-Greeley, or other frequencies around the state) tomorrow, Friday, at 5:36 AM, 7:36 AM and 3:44 PM MT. If you are not in Colorado, It should go out nationally on NPR in a few weeks. It should also be available on their website after Friday.

Thanks for posting that, Desi. Hopefully, I'll have some national airtimes soon. By the way, KUNC's website is <http://www.kunc.org>
